Understanding your CTR Exam Score Report

The score report indicates 1) your test result, 2) your total score, and 3) the total passing score for your exam.

- A breakdown of your scores within each of the seven major content areas, plus a score summary per the two sections (closed-book and open-book) of the examination are provided. To produce a score, candidates are awarded 1 point for every correct answer and 0 points for incorrect answers.

- The CTR Exam is based on analyses of current practices and the detailed exam outline defines the content; [http://www.ncra-usa.org/blueprint](http://www.ncra-usa.org/blueprint).

- Specific exam questions and answers are not made public. Your score report provides detail about the content areas where questions were missed.

- Review your scores and compare it to the detailed exam outline to understand area(s) that requires more study.
