Joint Statement in Memory of April Fritz, RHIT, CTR

April Fritz's name is interwoven throughout the story of cancer surveillance. We lost April yesterday to cancer, the disease to which she devoted her life's work.

As an employee in both the public and private sectors and as a volunteer to many nonprofits, April played a pivotal role advancing cancer surveillance and, in turn, improving public health. Both NCRA and NAACCR benefited from April's devotion and both organizations recognized her work and dedication with their highest honors.

Please join us in remembering April by keeping her family in your thoughts and continuing your hard work along the path that April helped build. We will continue to share information about formal remembrance events as they become known.

Betsy Kohler, MPH, CTR
Executive Director, NAACCR

Lori Swain, MS
Executive Director, NCRA
